This unprecedented situation forced us to see the world from a completely novel perspective where, staying home, social distancing and digital collaborations are the new normal. During this Covid-19 pandemic,

Institute of Bioresources & Sustainable Development (IBSD), India is determined to contribute to the society through integrated and synergistic approach by leveraging digital platform.

Society for Ethnopharmacology (SFE)-India is committed to globalization of local knowledge and localization of global technology in the research and development of ethnopharmacology and ethnomedicine.

International Society for Ethnopharmacology (ISE) is concerned about understanding the medicinal uses of plants in traditional societies. It seeks to comprehend the cultural and the pharmacological dimensions on use of medicinal plants everywhere.
