

**For Next Generation Sequencing service cost:**

Transcriptome /RNA-seq analysis and small genomes sequencing including library preparation, quantification and quality check of libraries:

<b>S. No.</b>	<b>Description of sequencing</b>	<b>For internal institute samples</b>	<b>For other institutes/Industry samples*</b>
1	2 X 150bp (20 X 2 million PE / sample)	30,000/-	35,000/-
2	2 X 75bp (20 X 2 million PE / sample)	25,000/-	28,000/-
3	1 X 75bp (20 million / sample)	15,000/-	20,000/-

\*For other services like bioinformatics analysis etc.charges will be extra.

*User charges can be submitted by DD or Cash with GST Extra) In Favour of Director, IBSD. Users have to pay taxes along with user charges as per prevailing rates prescribed by Government of India.*
